# BANGALORE SCHOOL OF DESIGN & TECHNOLOGY

Bangalore School of Design & Technology (BSDT) is a premier institution in India, dedicated to nurturing creativity and innovation in the design industry. Offering a wide range of programs including Interior Design, Interior Architecture, Graphic Design, Brand Strategy, UI/UX Design, Design Thinking, Furniture Design, Digital Architecture, Product Design, and Media Studies, BSDT serves as a launchpad for aspiring professionals in the creative field.

Operating under the BSD Educational Trust, the school emphasizes the development of meaningful, responsible, and imaginative design practices. Its mission is to foster excellence and provide students with tools to articulate their creativity and vision effectively.

To ensure students receive top-notch education, BSDT has established academic partnerships with leading design institutions. These collaborations enable the school to deliver programs that are intellectually engaging, technically advanced, and taught by experienced professionals. BSDT's curriculum aims to blend theoretical knowledge with hands-on learning, preparing students for competitive roles in the global creative landscape.

Through its commitment to innovation and excellence, BSDT continues to empower students and drive success in diverse creative industries.
